

Japhet Paz

📍 Toronto, Canada ✉ japhet.paz@outlook.com 🌐 <https://jpz.netlify.app/> 📱 jaaaphetpaz

Motivated self-taught frontend developer specializing in React.js with a strong foundation in HTML, CSS, and JavaScript. A fast learner and reliable team player, committed to creating dynamic web applications while collaborating effectively with others.

Projects

Jpz Fitness

July 2024

<https://jpz-fit.netlify.app/>

- Created a web application using React.js and Tailwind CSS that generates a workout program for fitness folks out there.
- Utilized JavaScript functions to filter and update arrays of exercises, which enable users to customize their routine based on their preferences and specific goals.
- Implemented clean code practices and proper prop drilling to ensure efficient data management and better component reusability.

Astro Pic of the Day

June 2024

<https://jpz-apod.netlify.app/>

- Created an image generator web application using React.js and Tailwind CSS for people fascinated by space and astronomy.
- Integrated NASA API to fetch the astronomy picture of the day and a brief description of it.
- Utilized useState and useEffect hooks to fetch data and display the image dynamically, resulting in a seamless user experience.

Library E-Commerce Website

Nov 2023

<https://jpz-library.netlify.app/>

- Developed an e-commerce website for books using React.js and CSS.
- Designed a library of reusable components, such as product cards and filtering options, for code reusability and maintainability.
- Utilized React.js router to implement smooth and intuitive navigation, ensuring users can easily explore and interact with the e-commerce platform.

Professional Experience

Toronto Catholic District School Board

Aug 2019 - Dec 2023

Custodian

- Maintained a clean and organized environment, demonstrating attention to detail and a strong sense of responsibility.
- Lead co-workers to ensure efficient operations and addressed any issues promptly.
- Developed strong time-management skills by prioritizing and finishing multiple tasks in a fast paced setting.

Starbucks Canada

Oct 2014 - Jul 2019

Barista

- Provided exceptional customer service by engaging with customers while taking orders, crafting beverages, and ensuring a welcoming atmosphere, that led to a positive customer experience.
- Developed strong communication and multitasking skills while handling customer requests, managing transactions, and maintaining a clean and organized workspace.
- Collaborated with team members in a fast-paced environment to maintain operational efficiency, manage inventory, and uphold quality standards during peak hours.

Education

Meta Frontend Developer

May 2024

Certification

- A 9-course program that prepares learners for an entry-level career as a front-end developer.

Frontend Simplified Bootcamp

Oct 2023

Bootcamp

- Immersive frontend web development course that focus on developing professional websites using HTML, CSS, JavaScript, and React.js best practices.

Seneca Civil Engineering Technology

July 2017

Advanced Diploma

- Three-year advanced diploma program, that studies principles of highway, municipal and building design, geo techniques, soil mechanics, and building code.
